Defendants.

Case No.: 1:23-cv-07000-P.A.E.

PLAINTIFF'S *PROOF OF*
SERVICE OF COMPLAINT AND
CASE INITIATING DOCUMENTS.

PROOF OF SERVICE

The *Complaint*, and *Case Initiating Documents* were served on: Nike Inc., Meta Platforms Inc., and Alphabet Inc., via a process server as proscribed by the *Federal Rules of Civil Procedure*, as evidenced by the attached *Affidavits*, and on the respective dates referenced by those *Affidavits*. *Exhibits A-C*. Additionally, the A.G. of California, and the U.S. Government Defendants, who were, all, acting in their official capacities, were served by first class U.S.P.S. mail, as proscribed in the *Federal Rules of Civil Procedure*, as evidenced by the attached dated *Affidavits*. *Exhibits D-E*. I hereby affirm that all is true and correct to the best of my knowledge. *Decl. Mr. B. Woodhouse*.

The Court is also apprised that Woodhouse has not engaged in any of the following actions: improper emails, calls, faxes, other communications with Chambers, filed any documents under seal, mailed any letters to the Court, sent any process servers to interact with Chambers, and showed up in person to the Court and Chambers. Woodhouse has and only would ever file documents publicly into the *Court Record*, and use public filings to accomplish, either, any administrative legal action, or, even an in camera review, any non public filing purported to be from Woodhouse, should be sent by the Court to the F.B.I. as it is discovered. Moreover, Woodhouse has alleged in his filed *Complaint* that the

1 conflicted Parties, and Alphabet Inc., have engaged in: felonious impersonation of
2 Counsel, felonious misrepresentation of resolutions, patent felonious tampering
3 with Court Records, false promises of employment via improper contacts with
4 Court Clerks, and lethal atavistic violence against, both, an Appellate Judge and
5 Chairman of a Law Firm. This Court is humbly requested to be vigilant, against
6 the conflicted Parties, and Alphabet Inc.'s penchant for illegal and unethical
7 obstruction.
